Attn: Beneficiary

The HM Treasury Department of the Finance Ministry here in United Kingdom, has investigated your fund, which has been on transfer process for some period of time.

During the third quarter of the general Financial Auditing, the International Monetary Fund Unit (IMF), has recovered your fund at the tune of £1,000,000.00 (One Million British Pounds), which was to be paid to you through bank-to-bank transfer to your bank account.

And It has been understood by our investigation team, that this fund was acquired by you as a result of the initial inheritance of fund, which your partner was supposed to remit the fund into your bank account some past years, and you have not received the money due to the fact that the Revenue Service Department demanded for their Inland Revenue Tax.

After the auditing, United States of America Government International Funds Monetary Unit decides that the entire recovered and returned fund should be paid to their various owners within 8 days. This decision was taking by the Board of the auditors in the Department of Finance (Office of the Treasury), and at present the fund is in the escrow account in Bank of England.
