# Do you have these Issues?

- Checking of Material Availability is Not Accurate and Not Easy.
- Low Stocks Notification is Too Late.
- Purchase Requests, Purchase Orders are Not Processed On time.
- Report Generation Takes a Long Time.
- Scrap Material Management is Not Implemented.
- and many more...

# Inventory System Flow

# Inventory System Modules

# System's Merit for You

- Contribute to Cost Reduction.
  - use of Scrap Inventory.
  - lesser use of paper.
- Contribute to more Effective Work.
  - lesser effort to check inventory.
  - lesser effort to make report.
  - lesser effort to apply and approve Purchase Requests, Material Requisition, Purchase Orders.
- Reduce Dependency to individual.
  - short training time for system user.
  - consistent report generation.
- and many more...
