

Government Accredited Contract Consulting Firm (GACCF)

From the desk of Mr Dalton Raham

Director (International Affairs), GACCF

JHB, Republic of South Africa

Good day,

Based on the personal introduction above, I would like to go straight to my purpose of contacting you. Our firm is a government accredited contract consulting firm specialized on sourcing competent contractors nationwide and international to handle contracts, Based in Africa.

I am contacting you for your personal alliance in a business of mutual benefit; our firm has secured contracts for many Construction Companies based international and local, both in the Government and Private sector.

South Africa being the host country for the 2010 World Cup, between 2006 and 2010, South Africa spent in the region of R5-billion on building and renovating 10 World Cup stadiums, R5.2-billion on upgrades to the country's airports, and R3.5-billion on improvements to the country's road and rail network. The country also worked under tight deadlines to ensure that the Gautrain, a high-speed rail link between Johannesburg, Pretoria and Johannesburg International Airport, is up and running in time.

Many international and local investors already invested in the construction and renovation of guest houses and hotels, as well as resorts and leisure parks, which our firm has solicited for contractors of many of this contract works. An estimation of over US\$ 2 Billion in Equivalent has being made so far.

I write, asking for your indulgence in re-profiling funds to tune of Fifty Million, Eight Hundred Thousand United States Dollars (US\$50.8m) which I and my colleagues want to keep safely overseas under your supervision. In other words, we would like you to receive the said funds on our behalf. The Funds were derived over time from a project awarded to a foreign firm by my Department, and presently the actual contract cost have been paid to the original project executors, leaving the balance in the tune of the said amount which we have in principle obtained approval to remit overseas.

Currently, I work as Director (International Affairs), GACCF here in Pretoria. I have the authority and approval of my partners involved in this transaction to negotiate a suitable compensation for your participation and I propose 22.2 percent, while we also propose that we receive 63.8 percent and 14 percent be earmarked for purpose of taxation.

This endeavour has a minimal risk factor on your part provided you treat it with the utmost discretion.

You are advised to reach me through email dltraham@gmail.co.za or phone number +27 71 064 6364 for further clarification.

I await in anticipation your fullest co-operation.

Regards

Dalton Raham
