1. This kind of strips can have chase effect, we have special controller can control it.
2. It have popular SMD LED Flexible Strip product which now has individual LED colour control.
2. With our special controller has over 80 inbuilt effects.
3. Can be 20M per reel.
4. The distance between two SMD is 25mm.

	ZD-T12V5050SMDRGB60	RGB			300pcs 5050SMD			US\$47.16	Yes, IP67

1. This product adopts a kind super flexible PCB board as base.
2. 5050 SMD LEDs as its luminous body. Viewing angle is 120°.
3. These LEDs are evenly arranged on the PCB board.
4. It is exquisite in appearance with 3M tape on its back.
5. The LEDs are made by ourself.
6. The luminous body is of very high intensity, large viewing angle, good quality and stability.
7. 3 LEDs make one group, and 9 leds can be cut according to the length requirement.
8. This product could be widely used for indoor lighting decoration, such as shop window lighting, cove lighting, edge decoration, car decoration, small floodlight, etc.

Flexible LED Light Ribbon Series
